Part 2 – Questions 6-10

Decide which of the jobs described in the texts **(A-H)** is the most suitable for the teenagers below **(6-10)**. Write the correct letters behind the numbers. Use each letter only once.

A Venus Electronics

Venus Electronics is looking for young people to train as sales persons for its shop in Swansea. Your income will depend on experience and qualifications. We require flexibility, reliability and willingness to work hard. Candidates must have outstanding computer skills and be fluent in spoken and written English.

B Welcome on board

The P&O Ferry Company is looking for young, energetic and friendly people to work as stewards and stewardesses on their cross-channel ferries. Future employees must have an excellent command of spoken French and be customer-oriented and flexible.

C Park gardener

Prize-winning garden needs attention. We are seeking a creative trainee gardener for a 20-acre park. You must be willing to work outside and be able to handle heavy garden equipment. Ideal for somebody who likes plants and doesn't mind physical work.

D Get it fixed

Busy garage is looking for a motivated apprentice. We specialize in vintage cars from Britain. You will get special training on vintage engines. Due to legal regulations we can only accept male applicants.

E France Airwings

We fly worldwide to fantastic destinations. Are you young, fluent in French, reliable and customer-oriented? If so, apply immediately. We need you to join our team of flight attendants.

F The Cutting Edge

Award winning salon wants to expand. We are a young team of creative hairdressers and beauticians. Our customers are people who expect individual service. We are offering apprenticeships for imaginative and open-minded people to join our professional team.

G Island Hopper Helicopter Service (IHHS)

IHHS wants YOU to take outdoor adventure groups to exotic islands. After your training as a helicopter pilot you will fly our customers to remote islands to look at exotic plants. You must be fit, 21+ and willing to spend time outdoors. Long working hours, including weekends.

H Linda's Power Parts

Cardiff's most modern automotive shop offers an apprenticeship as a mechanic. We work on all makes of cars. During the apprenticeship you'll work in all departments of our automotive workshop. Some Saturday work required.

6		Charlotte: I've always liked fashion. I am quite adventurous and like to create new hairstyles. I know what looks good on my friends. They have often asked me for advice about their looks.
7		Lennie: I've always dreamt of being a helicopter pilot, but unfortunately I am short-sighted. So I decided to work outside. I'm good at working with plants and have already been asked to design flowerbeds for people in my area.
8		Jennifer: My interest is travelling. I love visiting exotic countries. My strengths are my communicative skills: I'm friendly, like to talk to people and I'm open-minded. I've done an internship as a stewardess on a cruise ship, but I got sea-sick. I have a good command of spoken French and Spanish.
9		Hannah: I've worked on engines since I was very young. My uncle has a garage and I have always helped him a lot. I like to put my hands on things and don't mind getting dirty. My dream is to have my own garage one day and specialize in vintage cars.
10		Paul: I'm very interested in computers. I passed my GCSEs in Computing, Maths and English with excellent grades. I also like to communicate with people.

Part 3 – Questions 11-17

Read the text and tick (✓) each correct statement (11-17).

There is only one correct solution per statement.

Planning Your Visit to Liberty Island

There are many options from which to choose when planning your visit to Liberty Island. Here you can see some of the highlights.

The Crown

You can visit the crown of the statue, from which there is a limited view of New York. If you want to go to the top you have to walk 22 floors up the stairway. On busy days you may have to wait in line for 2 to 3 hours. Don't forget to bring an umbrella or a rain jacket in case of bad weather.

Top of the Platform

If you want to go to the top of the platform, you have to walk up ten floors. There you get the chance to go out onto the balcony to enjoy the best views of Manhattan and New York Harbor. Don't go too close to the railing of the balcony if you're afraid of heights. Try to come on a clear day to enjoy the best views. Then you'll see the complete skyline of New York City.

Promenade

From the Promenade you will have clear views of the port and the Manhattan skyline. You can reach the Promenade from the Third Level. There are no additional costs. Don't leave your children unattended on the Promenade.

Third Level

The Immigration Exhibition shows documents, objects like clothes, as well as photographs of the arrival of millions of new Americans. It takes you back to the time when people from all over the world immigrated into the US.

Second Level

The Statue of Liberty Exhibition shows the fascinating history of the United States of America. You can see many interesting figures, models and pictures of the statue. There is also a big collection of American flags.

Take Pride in America!

The Statue of Liberty is the most famous symbol of America and an image of freedom for people around the world. With its height of more than 300 feet (the Empire State Building is almost five times as high as the statue) it welcomes many visitors coming to the US. Please help us protect this national monument by not ruining it with gum, litter or graffiti. If you see anybody breaking the rules, please report them at the security office.

Part 4 – Questions 18-25

Read the following text about Chloe.

Match the first parts of the sentences (18-25) with the sentence endings (A-K)

Amazing moment when little Chloe hears for the first time

The parents of a girl who was born both blind and deaf talk about the wonderful moment she heard sound for the first time.

Chloe Ring was 14 months old when her dark and silent world was transformed by doctors at the Bristol Royal Hospital for Children.

Jane and Neil Ring, Chloe's parents, had no hope that their daughter would ever learn to speak. They decided to let her have a five-hour operation to insert cochlear implants. These are electronic devices inside the ear to help deaf people hear. They are very expensive – about £25,000 each. Four weeks later, the family gathered with medical staff when the devices were activated for the first time.

This is a picture of a cochlear implant.

Mrs Ring told MailOnline: "It was as if someone suddenly switched her on. First she smiled and then went very quiet. She was trying to work out what was happening. She tried to pull it off. She pulled at her ear a bit. But then they activated the second implant. Suddenly she could hear. She was just amazed."

Five years later, she is doing very well in a mainstream school and is having singing lessons at her home in Exeter. Mrs Ring said: "We knew she was clever, but so much of life was cut off from her. Now her speech is brilliant. No one would know she is deaf."

		A	Chloe started crying.
18	When she was born	B	her parents paid £25,000 for both implants.
19	Chloe had an operation when	C	Chloe was very surprised.
20	To help her hear	D	no one knows that she is deaf.
21	It took more than four hours	E	she didn't know what was happening.
22	When the doctors switched on the first device,	F	electronic devices were inserted in her ear.
23	When both devices were switched on,	G	Chloe is learning to sing.
24	Five years after the operation	H	Chloe couldn't see or hear.
25	When she speaks,	I	to switch on both devices.
		J	to implant the devices.
		K	she was 14 months old.
